### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

(A Non-Profit organization)

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED JUNE 30, 2016 AND JUNE 30, 2015

---

## 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### **Nature of Activities**

Victor Valley College District Foundation, Inc. (the "Foundation") is a not-for-profit organization whose purpose is to support the operations and the students of Victor Valley Community College. The Foundation elicits donations for scholarships and loans to needy and deserving college students. The Foundation also develops resources and makes grants to support college educational programs.

### **Basis of Accounting**

The Foundation maintains its accounting records on the accrual basis of accounting whereby revenues are recorded when earned and expenses are recorded when the obligation is incurred.

### **Basis of Presentation**

The Foundation reports information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

- (1) *Unrestricted Net Assets* – these generally result from revenues generated by receiving unrestricted contributions, providing services, and receiving interest from investments less expenses incurred in providing program related services, raising contributions, and performing administrative functions.
- (2) *Temporarily Restricted Net Assets* – the Foundation reports gifts of cash and other assets as temporarily restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is when a stipulated time restriction ends or the purpose of the restriction is accomplished, temporarily restricted net assets are classified to unrestricted net assets and reported in the Statement of Activities as net assets released from program or capital restrictions.
- (3) *Permanently Restricted Net Assets* – these net assets are received from donors who stipulate that resources are to be maintained permanently, but permits the Foundation to expend all of the income (or other economic benefits) derived from the donated assets.

### **Contributions**

Contributions received are recorded as increases in unrestricted, temporarily restricted, or permanently restricted net assets depending on the existence and/or nature of any donor restrictions. Donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets, depending on the nature of the restrictions. When restrictions expire (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

### **In-Kind Contributions**

The Foundation recognizes the estimated value of in-kind contributions when received and the transfer of most of the items received for the use of the College at the same value. In-kind contributions of items that the Foundation ultimately puts to use are recorded as expenses, or, if they qualify, are capitalized as fixed assets.

### **Functional Allocation of Expenses**

Costs of providing Victor Valley College District Foundation, Inc.'s programs and activities are presented in the Statement of Functional Expenses. The Foundation classifies portions to general and administrative and fundraising based on the costs associated with the respective categories.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Cash and Cash Equivalents**

For purposes of the statement of cash flows, the Foundation considers all highly liquid investments available for current use with an initial maturity of three months or less to be cash equivalents.

**Investments**

Investments are carried at fair value.

**Property and Equipment**

Property and equipment are reported at cost if purchased or at fair value at the date of donation. Property and equipment is capitalized if the cost of an asset is greater than or equal to \$1,000 and the useful life is over one year. Depreciation is provided using the straight-line method over the estimated useful lives of the related assets as follows:

Office equipment	5-10 years
------------------	------------

**Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**Income Taxes**

The Foundation is a not-for-profit organization that is exempt from federal income taxes under Section 501 (c)(3) of the Internal Revenue Code and classified by the Internal Revenue Service as other than a private foundation. It is exempt from state taxes under Revenue and Taxation Code Section 23701(d).

Management believes that all of the positions taken by the Foundation, in its federal and state income tax returns, are more likely than not to be sustained upon examination. Victor Valley College District Foundation, Inc. files returns in the U.S. Federal jurisdiction and the State of California. The Organization's federal income tax returns for the prior three tax years remain subject to examination by the Internal Revenue Service. The Organization's California income tax returns for the prior four tax years remain subject to examination by the Franchise Tax Board.

**Disclosure About Fair Value of Assets and Liabilities**

Victor Valley College District Foundation, Inc. adopted the standard for Fair Value Measurements. The Accounting principle for fair value measurements defines fair value, establishes a framework for measuring fair value and expands disclosure about fair value measurements.

The Foundation defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The standard also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standards three levels of inputs that may be used to measure fair value:

**Level 1:** Observable prices in active markets for identical assets or liabilities.

**Level 2:** Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full-term of the assets or liabilities.

**Level 3:** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

**6. ENDOWMENT FUNDS**

Victor Valley College District Foundation, Inc. Board of Directors has interpreted the State Prudent Management of Institutional Funds Act (SPMIFA), as requiring the preservation of the fair value of the original gift as of the date of the donor-restricted endowment funds, unless there are explicit donor stipulations to the contrary. Accordingly, the Foundation classifies as permanently restricted net assets a) the original value of the gifts donated to permanent endowment, b) the original value of subsequent gifts to the permanent endowment, and c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by The Foundation in a manner consistent with the standard of prudence prescribed by SPMIFA. In accordance with SPMIFA, The Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: 1) the duration and preservation of the various funds, 2) the purposes of the donor-restricted endowment funds, 3) general economic conditions, 4) the possible effect of inflation and deflation, 5) the expected total return from income and the appreciation of investments, 6) other resources of The Foundation, and 7) The Foundation's investment policies.

**6. ENDOWMENT FUNDS (CONTINUED)**

*Investment Return Objectives, Risk Parameters and Strategies.* Victor Valley College District Foundation, Inc.'s investment policy stipulates that a prudent portion of monies are to be placed in interest-bearing accounts, to maximize the potential earnings on the gifts. The general rule for acceptable investments for the aggregated endowment funds (federal and non-federal) are savings accounts or in low-risk securities in which a regulated insurance company may invest under the law of the State in which the institution is located. This typically includes "savings accounts" such as a federally insured bank savings account, a comparable interest bearing account offered by a bank, or a money market fund. "Low-risk securities" includes certificates of deposit, mutual funds, stocks, or bonds.

*Spending Policy.* Income from the endowment may be spent for costs necessary to operate the Foundation, including general operating and maintenance costs, costs to administer and manage the endowment fund, and costs associated with buying and selling securities, such as stockbroker commissions and fees to "load" mutual funds. Income from the endowment cannot be spent for a school or department of divinity or any religious worship or sectarian activity, an activity that is inconsistent with a State plan for desegregation applicable to the grantee, or an activity that is inconsistent with a State plan applicable to the grantee.
