The 2023 First Annual Child Development Conference's theme will be focusing on Childhood Adversity and Trauma-Informed Care. The attendees of the conference will be early childhood providers, teachers and future early childhood educators. The goal of the conference is to provide attendees with additional skills and techniques that can be used in the early childhood classrooms based on Positive Child Guidance Practices and Trauma-Informed Care.

Conference Information for Presenters

Please note: Submitting a workshop proposal does not guarantee that you will be selected as a workshop presenter. Each workshop proposal is confidentially reviewed by the Conference Selection Committee. This process is expected to be completed by the middle of December 2022. The goal is to send accept and decline notifications by the end of December 2022.

Presenters are responsible for providing any handout or copies of presentations. Final Draft of Presentations must be emailed to Heather Hammond-Williams, Friday, February 10, 2023 by 5:00PM so can be uploaded to Webpage so presenters do not need to provide a print out of the presentation to attendees.

Presenters will be provided a small stipend for their presentations, presenters may attend other presentations for free, and presenters will be provided breakfast and lunch.

Conference Date: Saturday, February 11, 2023, 8:00 a.m. to 4:30 p.m.

Location: 18422 Bear Valley Road- Child Development Building (Building 12), Victorville, CA 92395

Questions regarding the proposal submission process should be directed to Heather Hammond-Williams at heather.williams@vvc.edu.
